### Sustainable Food Schemes and Labels

Amarjit Sahota

*Sustainable Food Schemes and Labels* provides a comprehensive discussion of the most popular sustainability schemes and eco-labels in the food industry. Details are given of the most popular (widely adopted) schemes: organic and fair trade, as well as schemes for ingredients, such as Roundtable on Sustainable Palm Oil, as well as emerging schemes for plant-based foods. Using case studies, the impacts of popular schemes will be discussed. What impact do sustainability schemes have on soil fertility, biodiversity and local communities? How are such impacts measured and communicated to consumers?
